**SECTION III. General Conditions**

**Town of North Hempstead  
General Bid Terms and Conditions**

General Bid Terms and Conditions

*All bids are subject to the following terms and conditions unless modified on the reverse side of the bid. Upon issuance of the purchase under the bid, the terms of the bid shall apply to such orders.*

- All bids must be on domestic products unless otherwise instructed. Substitutions for domestic items will result in cancellation of orders.
- Bids on equipment must be on standard new equipment, except otherwise stated in proposal. It shall be understood that all equipment and appurtenances which are usually provided in the manufacturer's stock model shall be furnished.
- Bids on materials and supplies must be for new items except as otherwise specified
- If the bidder declares that the bid is made without any established agreements with other bidders, then it is in all respects fair and without collusion or fraud.

**Surety:**

- In the event that an award is made, the Commissioner of Administrative Services reserves the right to request successful bidders to post within one week a performance bond of one hundred percent of the amount of the award for security reasons. It shall be understood that the whole or any part of the bid may be used by the Town of North Hempstead, to supply for any default on the part of the bidder. Such bonds must meet all the requirements of the Town Attorney.

**Samples:**

- Samples when required must be submitted strictly in accordance with instructions; or the bid may not be considered.
- If samples are requested after the bid's opening, they must be delivered within five (5) Days of the request for the bid to have consideration.
- Samples must be furnished free of charge and must be accompanied descriptive Memorandum invoices, indicating the bidder desires their return, provided they have not been used or made useless by tests.
- Award samples may be held for comparison with deliveries. Samples will be returned at the bidders risk and expense.

**Award:**

- The Commissioner of Administrative Services, prior to award, reserves the right to investigate whether the bidder meets all qualifications, or facilities set forth herein and whether they are ample and sufficient to insure the proper performance in the event of an award. The bidders must be prepared, if requested by the Commissioner of Administrative Services, to present evidence of experience, ability and financial standings. In addition, they must prepare a statement of plans, machinery and capable capacity of the manufacturer in the production distribution of the material on which he or she is bidding.
- Upon request of the Commissioner of Administrative Services, a successful bidder shall file certification from the manufacturer, including, relative authorization, delivery, service and guarantees. If it is found that the conditions of the bid (as stated above) are not complied with, then the Commissioner of Administrative Services may reject the bid.
- It is distinctly understood however that it is no obligation of the Commissioner of Administrative Services to make any examinations before award. It shall further be understood that if such an examination is made, it in no way relieves the bidder from fulfilling all requirements and conditions of the bid.

**Turf Management Products**  
TNH010-2012

- Awards will be made to the lowest responsible bidder taking into consideration the reliability of the bidder, the quality of the material to be furnished, its conformity with the specifications, the purpose for which required and the terms of the delivery. If two or more bidders submit identical bids as to price, the determination of the Commissioner of Administrative Services to letting the contract to one or more of the identical bidders shall be final. The Town may grant consideration to a cash award.
- The Commissioner of Administrative Services reserves the right to judgment, to reject any and all bids in whole or in part to the technical defects, irregularities and omissions in order to serve the best interests of the Town.
- Unless otherwise indicated herein, the Commissioner of Administrative Services reserves the right to make awards by items, classes or by groups of items, part of whole.

**Deliveries:**

- All deliveries shall be made as specified in a schedule of locations and as will be indicated on the specific purchase orders issued.
- Upon failure of the vendor to deliver within the time specified by the Commissioner of Administrative Services, or failure to make replacement of rejected articles, then the Commissioner of Administrative Services may purchase from other sources to take place of the item rejected or not delivered.
- The Commissioner of Administrative Services reserves the right to authorize the immediate purchase from other sources against rejection of any order when necessary. On all such purchases the vendor shall promptly reimburse the Town for the excess costs occasioned by such purchases. Should the cost be less, the vendor shall have no claim to the difference. Such purchases will be deducted from order quantity.
- An order may be cancelled at the vendor's expense upon non-performance.  
failure of the vendor to furnish additional surety within ten (10) days from the date of Request shall be sufficient cause for cancellation of the order.
- If the articles or equipment delivered fail to meet the specifications, identified herein or if the vendor consistently fails expected delivery, then the Commissioner of Administrative Services has the right to cancel the order and purchase from the other sources at the vendor's expense.
- Cancellation of order for any reason may result in the removal of the bidder's name from the mailing list for future bids for an indeterminate period.
- Delivery must be made as ordered and in accordance with the bid. If delivery instructions do not appear physically on the order, then it will be interpreted to mean prompt delivery. The decision of the Commissioner of Administrative Services on delivery terms shall be final. Burden of proof in the delay of in receipt of order shall rest with the vendor.
- The town agencies will not schedule any deliveries for Saturdays, Sundays or legal holidays, except commodities required for daily consumption or when delivery as an emergency, a replacement, or is overdue. In such an event, the convenience of the agency will govern.
- Supplies shall be packed securely and properly for shipment, according to accepted commercial practice, without extra charge for packing cases, reels, bailing or sacks. The containers are to remain property of the agency unless definitely stated or otherwise in the bid.
- The vendor is responsible for maintaining the conditions of the supplies until the point of Destination is reached. The vendor shall also file all claims with carrier for breakage, imperfections and other losses, which will be deducted from invoices. The receiving agency will note for the benefit of the vendor when packages are not received in good condition.
- All supplies, which are customarily labeled or identified, must be securely affixed to the Original, un mutilated label or marking of the manufacturer.
- Billings for deliveries must be posted on the claim forms.
- Furniture, machines and other equipment must be delivered, installed, and set in place as directed and ready for use, unless otherwise specified.
- Deliveries are subject to re-weighing at the discretion of the Town and payment will be made on the net weight of the material delivered. Normal shipment will be allowed where shrinkage is possible. Short weight shall be sufficient cause for cancellation of order at vendor's expense.
